

Brush Creek Montessori School - Letter from the Board of Directors

June 15, 2021

Dear Brush Creek Families and Employees

Brush Creek Montessori School was founded in 1973, and established as a non-profit corporation in 1998. It has been a sanctuary for learning in Sonoma County for over 45 years. Many students, teachers and staff have passed through our school and have been left with the memories of a magical place to learn and grow. Today our school is faced with a challenge, and in our desire to keep everyone fully informed about the upcoming school year, we would like to share important news.

We are currently in a land dispute with the former employees of our Brush Creek Montessori School. At this time, lawyers representing both parties have made submissions to the court. We strongly believe we will prevail, and the school year will begin with the appropriate emphasis on education-and not a legal argument about the disposition of the property. You may access and read our submission at:

The BCMS School Board and staff remain fully dedicated to providing the highest levels of education and care for our students, and will continue to reach out to provide the very latest information. Again, we believe this situation will be resolved in favor of our students, and encourage you to E mail John Siragusa, one of our Board of Directors, at bod@bcmontessori.org should you have any questions. You may stay up to date on this matter by visiting our website by clicking on the link:

We look forward to the coming school year.

Sincerely Yours,

Brush Creek Board of Directors
